WINEMAKER'S NOTES

We're fans of Chateaufeuf du Pape but then again who isn't? If you want to experience the phenomenal intrigue of Rhone varietals in Washington State today wait until you poke your nose in a glass full of this stuff. Then, once the juice hits your palate your senses will be warped right into the Rhone. This is a blend of two of our favorite vineyards outside of Walla Walla. Easy drinking with bright fruit and acidity, this wine will pair with about anything you can think of. This is one of those wines that are sold mostly in the tasting room but we'll sneak a few out to our distributor network this vintage.
