MERLOT

This isn't your Grandpa and Grandma's Merlot. This is Merlot as it should be -- dark cherries with a firm structure and underlying minerality. Put this rock-star on your palate and let the good times roll!

A throwback to the energetic Roaring 20's, Boomtown embodies the **Spirit of American progress**. Like the Americans that paved the way during the Roaring 20's, our family is blazing trails for the discovery and enjoyment of Washington wines around the world. It's this pioneering spirit that inspired us to craft Boomtown, a widely-available family-owned brand from **the "Booming" Washington wine country**.

"Boomtown encourages you to raise a toast to American ingenuity and to pushing the limits in pursuit of the good life each and every day."

Chad Johnson & Corey Braunel, Co-owners / Co-winegrowers - Dusted Valley & BOOMTOWN
