UPC

NA

WINEMAKER'S NOTES

The 2006 Late Harvest Syrah marks a milestone for Dusted Valley. A dessert wine! We've heard our loyal customers ask for a long time to have something special at the end of a celebratory feast. Now, it's arrived in all its unique and defining character. Not intensely sweet by design, the Late Harvest offers those unique characters of wild game, herb and earth. This is a great conversation wine to be shared with friends and a round of sea-salt caramels. Enjoy the savory treat!
