WINEMAKER'S NOTES

This Wente Clone Chardonnay planted in 1971 is from one of the oldest blocks of Chardonnay in Washington. It was hand picked at the peak of ripeness, gently whole cluster pressed and barrel fermented in neutral French oak. This "Old Vine" Chardonnay did not go through secondary malolactic fermentation preserving its beautiful fruit flavors, racy acidity and natural balance. This wonderful wine is for everyone from the diehard Chardheads to the ABC crowd.
